END-OF-YEAR TRASH COLLECTION

Don't forget to throw out your trash before the end of the year! Please dispose of your trash in your region's standard trash drop off points. If you dispose of it in a different region, it may cause problems for the people living in that area and for the manager of that region, so please refrain from doing so. The information below is the same as what is written in the "2017 Trash Disposal Guide" that you received in March of this year. The guide is also accessible from the town website under the English・やさしい日本語 Tab in the subsection labeled "Information for Daily Life."

You can also bring your trash directly to the Uchikoshidai Environmental Center on any day of the week [Last day is Dec. 28th of this year]. For more information, call the center (TEL: 93-1034).

Every year trash is put out after the last collection day of the year. In those instances, the trash cannot be collected so please keep this in mind.
