Q1) What's the difference between a My Number Card and the Notification Card?

A) The Notification Card lets you know about the My Number Card and is not valid as a proof of identity. A My Number Card is a valid proof of identity as it has the cardholder's picture attached.

※ After October 2015, the Notification Card has been sent by mail, yet the My Number Card is available for pickup only after applying.

Q2) Is there a period of validity on the My Number Card?

A) Yes. For those over 20 years old, the card is valid until your tenth birthday after receiving the card. For those under 20, the card is valid until the fifth birthday after the card is issued. Depending on residency status and residency period, foreign residents' period of validity may differ.

Q3) Can only the cardholder receive their My Number Card?

A) As a general rule, we only accept requests from the person who is the rightful card owner. For those who cannot come to Seika Town Hall to receive their card on weekdays, there is a My Number Weekend Reception Window (usually the 4th Sunday of the month). Please make a reservation beforehand.

Q4) I lost the Notification Card. What should I do?

A) First, file a Lost/Stolen Item Report at your nearest police station. Next, file a Lost Article Report at Seika Town Hall (do the same if you lose your My Number Card). After filing these reports, complete the application process to reissue the lost card (the Notification Card costs 500 Yen to reissue).

My Number Weekend Reception Window

On the fourth Sunday of every month (this month is June 25) from 9AM-12PM and 1PM-4:45PM, there will be a weekend reception counter for My Number Card applications at the My Number Card special reception counter on the second floor of Seika Town Hall. This is only for those who have received the My Number notification card. A reservation is

Rainy Season

In June, Japan enters the rainy season. While the rain is very heavy at times, remember that riding your bike while holding an umbrella is against the law and dangerous. Walk your bike while holding your umbrella if possible.
